"Nel tracciare le sue linee con riga e compasso, Vasily Kandinsky apre allo spettatore un nuovo modo di guardare la pittura, un chiaro trasferimento di pensiero su tela."

Marcel Duchamp

ALIUS

si presenta come un agglomerato di dischi: i due maggiori, trasparenti, sono distanziati da un anello bianco e contengono i minori, caratterizzati da tipologie di texture differenti, infine, i magneti, anch'essi circolari, permettono lo spostamento degli elementi sulla struttura.
